"Great Food for Great Kids"

. . . a fundraiser to benefit

Baltimore Montessori Public Charter School's Seed-to-Table Program

We're proud to be part of the growing number of public charter schools in Baltimore City, and honored to be part of a public school system that is helping children to make tremendous educational strides. Still, many of our children do not receive adequate nutrition. Without a proper dietary foundation, academic performance declines, and children suffer from obesity-related diseases at alarming rates. Help us expand our Seed-to-Table Program where we can prepare GREAT FOOD FOR GREAT KIDS and make sure our children acquire nutritional awareness and the nourishment they need.
